NARRATIVE					

This is a supplemental report to Officer Epling's original offense report C15-07334 in reference to a Robbery which occurred on August 22nd, 2015.

On October 13th 2015 I was assigned this case for follow up. I was notified by Detective Sgt. Baltzell that the State's Attorney Office had nolle prosee the case due to evidence that the defense had brought them. I was advised that I was assigned the case to speak with [REDACTED] to find out if she had falsely reported a crime.

I contacted the assistant State's Attorney Matthew Banach to ask what evidence they had been provided by the defense. Matthew Banach advised me there was video which may have shown Christopher Hansen in the Blind Pig bar when the crime was suppose to have occurred. Matthew advised that Sgt Thompson had been provided a copy of the surveillance videos. Sgt. Thompson was off and I was not able to retrieve the video at that time. I contacted [REDACTED] Ryan via [REDACTED] [REDACTED] and left a message for her to return my call.

I later received a call back from [REDACTED] and she notified me that she no longer lived in Urbana but lived in Bloomington, Illinois and now works in Peoria, Illinois. I attempted to make arrangements to meet with [REDACTED] but do to her schedule she was not able to meet with me until November 21st, 2015 at 0900 hours at the Champaign Police Department. [REDACTED] arrived at the Police Department to give a further statement in reference to her case. The following is [REDACTED] statement.

[REDACTED] INTERVIEW:

I advised [REDACTED] that the conversation would be audio and video recorded and she had no objections. [REDACTED] was being interviewed as a victim and she came in on her own behalf and was not in police custody. [REDACTED] was

made aware that her case had been dismissed by the State's Attorney Office and she was asked to come in to give further statement about what had occurred. I advised her I would further inform her on the status of her case.

██████████ handed me a copy of her driver's license issued June 14th, 2015 and a Visa card ██████████ with the name of ██████████ on it. I questioned ██████████ of the cards and if they were the ones that had been taken from her. ██████████ could not say for certain if she had gotten a new Driver's License since the incident occurred, however she did say that the Visa that had been taken was canceled and this was a different card.

██████████ gave me a synopsis of the events that happened to her on the night of the robbery. ██████████ said that they had been at V. Picaso. ██████████ ██████████ said she had parked in an open space across from where the bar was. ██████████ said on this date she did not feel the need for someone to walk her to her car (1999 Jeep Green Jeep Wrangler with bikini top). ██████████ said she had parked in the First Bank parking lot. ██████████ said the suspect ran up to her and he was "hard core" and came out of nowhere. ██████████ said that the male tried to take her purse from her and she said that she fought back.

██████████ said that the incident "triggered" some things from her past and really upset her. ██████████ said she noticed the cameras so she said she thought she was "good". ██████████ said she drove her car from the location and went to the Quality Inn, or the Esquire, walked in and asked them to call 911. ██████████ said that her friend ██████████ was in there so she told them her purse had been taken.

██████████ told me that there were several people in the parking lot when this incident occurred and she was certain that someone must have saw what happened. I asked ██████████ about the subject that was her friend (██████████) and what he may have saw. ██████████ began to explain that ██████████ told her that he did not believe that the person arrested (Christopher) was the guy. ██████████ said that some of her friendships had been ended due to this incident. ██████████ said that ██████████ is also friends with Christopher.

██████████ advised me that her friend called her and told her that Mike and Molly's had her phone. ██████████ did not provide the friends name. ██████████

said that she called Mike Murphy who is the owner and he verified that her phone was there. [REDACTED] said the phone had mud on it and it was located in the dirt. [REDACTED] said that someone else said it was located on a table. [REDACTED] could not really explain how the phone got to Mike and Molly`s.

[REDACTED] said that the credit card which was taken was canceled and she never got it back.

[REDACTED] said that her make-up bag was never recovered.

[REDACTED] said that she went and got a new identification and never recovered her old ID. [REDACTED] handed me her new ID and I saw it was issued on June 15th. [REDACTED] said that she did not lose her identification after all.

[REDACTED] said that she never recovered her purse nor her eyeglasses.

[REDACTED] did not want to give me [REDACTED] information but she did provide [REDACTED] phone number.

[REDACTED] said that she did not have much to drink before the incident but she had a lot to drink after the fact. [REDACTED] said that while she was standing with the Officers, people kept buying her drinks. [REDACTED] said that she knew she could not drive so she asked the Officers to take her home. [REDACTED] claimed she had not been under the influence before the incident occurred.

I informed [REDACTED] that there was reported to be video that exonerated the person who was stopped. [REDACTED] told me that it is possible, however she refuted that nothing happened to her. [REDACTED] became upset and defensive that there was any thought that she had not been victimized. [REDACTED] said she had never saw the suspect before in her life however she said that the hair cut and clothing were too "strange" for it not to be him. She said he moved, behaved and looked way to similar to the person who victimized her. [REDACTED] wanted me to "just look at the video". By the end of the interview [REDACTED] did not seem certain that Christopher was the suspect. She described him as having a weird spike hair cut with the side shaved, and baggy cut off skater shorts. [REDACTED] even said she

would be willing to take a polygraph examination.

██████████ provided the name of the bar tender at V. Picaso and said he may be helpful. ██████████ said that the bar tender was ██████████. I was able to locate ██████████ phone number through ARMS.

(For further details see recorded statement)

End of ██████████ statement

I checked with the City of Champaign Communications Manager Jeffery Hamilton and was advised that the video from the exterior cameras on the city building would not have video from that far back.

On December 1st, 2015 I spoke with ██████████ via telephone. ██████████ advised that he only had heard about the incident through "proxy". ██████████ said that he had heard about what happened through the female ██████████ the next day. ██████████ stated he did not have any details to what had happened. ██████████ informed me that the female who had been robbed (██████████) was in the bar prior to when the robbery was reported to have happened. ██████████ stated ██████████ would have been in the bar around 7PM. ██████████ denied knowing or having contact information for ██████████ or any of her friends. ██████████ said he would only recognize them as being in the bar.

I attempted to contact ██████████ several times via ██████████ ██████████. I never received a call back from ██████████

I received copies of the surveillance footage from Sergeant Thompson provided to her by Assistant State's Attorney Matthew Banach. The video was labeled as being from the Blind Pig, University Branch and the Executive Center. I was able to view the Executive Center and University Branch footage. I was unable to determine any activity in the video which verified or disproved ██████████ statement. I attempted to view the video from the Blind Pig; however the disc was not able to be played. I had High Tech Crimes Detective Patrick Simons attempt to view the video and he explained that the table of contents was missing from the disc which would prevent the disc from being played or viewed.

On May 5th, 2016 I was contacted by Christopher Hansen via telephone. Christopher advised that he was calling concerning a false police report made by [REDACTED]. Christopher was advised that at the time of this report there was no evidence to prove or disprove that [REDACTED] had made a false police report. I advised Christopher that I was unable to view the video from the blind pig due to the copy I was provided was not viewable. Christopher stated he had a copy and also his attorney Jane Miller Jones had a copy. I told him if I was provided the copy I would view it. Christopher also advised that people had information that would help prove that [REDACTED] had filed a false police report and he provided the name of [REDACTED] [REDACTED]) and [REDACTED] [REDACTED]). I explained that I would attempt to contact both of them. Christopher said that he had never met [REDACTED] as far as he knows. Christopher said that he does not even believe he had met [REDACTED] on the night of this incident.

On May 6th, 2016 I contacted [REDACTED] at the number provided. I did not receive an answer and I left a message for [REDACTED] to contact me. I also called [REDACTED] at the number provided and also did not receive an answer so I left a message for him to call me.

I contacted Attorney Jane Miller-Jones at (217)384-3714 in order to request a copy of the video from the blind pig. Jane advised me she would have her investigator contact me and attempt to get a copy of the video to me.

I was contacted by Public Defender Investigator, Steve Guess, who advised he still had the video saved for this incident. Steve stated that he would bring the video to the police department to provide for me to watch. I provided Steve with a 32 GB flash drive to copy the video to.

On May 11th, I received my flash drive back from Steve Guess with the files from the Blind Pig and an investigative report where he had retrieved the video on September 1st, 2016

On May 11th, 2016 [REDACTED] reached me at my work phone. [REDACTED] said that he was acquainted with [REDACTED]. [REDACTED] stated that on the night of the incident he had met with [REDACTED] at V Picasso bar. [REDACTED] stated that [REDACTED] had been at the bar prior to him and possibly already consumed alcohol. [REDACTED] said that he stayed with them and had

conversation while they had a couple of drinks. [REDACTED] stated that [REDACTED] and [REDACTED] wanted to go to Mike and Molly's so he decided to go to the Quality inn. [REDACTED] said that a couple of hours later [REDACTED] came into the bar in a panic asking to use the bar phone, saying she had been robbed. [REDACTED] said that he had no further knowledge to what had happened. [REDACTED] later learned that the suspect [REDACTED] identified was Christopher Hansen, which he was also familiar with. [REDACTED] said that he is unaware if [REDACTED] and Christopher had ever met. [REDACTED] said that he had not seen Christopher out on this particular evening. [REDACTED] also learned later from [REDACTED] that she recovered her phone from Mike and Mollys and was told it was located behind a plant. This concludes the phone conversation with [REDACTED]

On May 12th, 2016 I was able to view the footage from the Blind Pig with Detective Simons assistance. The footage did show in Camera #1 at 26:40 the subject believed to be Christopher Hansen walking N. in the courtyard. In Camera 1 at 33:40 the camera showed from blind pig courtyard to inside the door. In Camera #5 at 34:02 Christopher can be seen inside the bar. In Camera #3 at 40:09 Christopher exits the building. The reported times with adjustment are 1:33 AM, 1:40 AM, 1:41 AM and 1:47 AM. Christopher appears to be wearing a T-shirt and blue jeans. Christopher's hair style seems to be a common short hair style. If the calculated time is correct on the video then it would be unlikely that Christopher was responsible for the alleged robbery.

On May 12th, 2016 I spoke with [REDACTED]. [REDACTED] advised that she had been out with [REDACTED] at V. Picasso. [REDACTED] said that she and [REDACTED] left to go to Mike and Molly's to meet up with some of her friends. [REDACTED] advised that [REDACTED] seemed to be in good spirits and had a few drinks while they were at both bars. [REDACTED] said that [REDACTED] left by herself approximately 30 minutes prior to her leaving the bar. [REDACTED] said that when she left she saw [REDACTED] with the police and learned that she had been robbed. [REDACTED] advised that [REDACTED] was busy so she let her speak to the police and called her the next day. [REDACTED] said she learned later that [REDACTED] may have identified the wrong person but she does not know who the subject was that she identified. [REDACTED] said that she did not witness the incident and had nothing further to provide.

I attempted contacting [REDACTED] [REDACTED] [REDACTED]. I did not receive an answer at this number but left a message for him to contact me.

At the time of this report I have been unable to view any footage or locate any witnesses of the robbery. I was unable to determine if [REDACTED] filed a false police report. I am administratively closing this case due to all investigative leads have been exhausted. End of report.
